

TEAM 114

EAGLESTRIKE

Sponsorship Prospectus

What is Eaglestrike?

Team 114, also known as Eaglestrike, is the official robotics team of Los Altos High School. Founded in 1997, Eaglestrike was one of the first teams to be part of the [FIRST Robotics Competition \(FRC\)](#) series.

Our mission is to empower the students to pursue careers in STEM fields and take on leadership roles. Our team is student-driven, and the robot is entirely student-built each year.

Why does Eaglestrike need sponsorship?

Each year, from January to April, we participate in the FRC competition series, where we build two robots to compete against other high schools worldwide. During the preliminary six-week building time, all students spend practically their entire day at school, oftentimes working to design and build the robot until late at night. At the end of the six-week period, students put the robot in a bag to promise they will stop working.

Soon after, we attend two regional competitions in hopes of winning against numerous other teams. If we win, we progress to national competitions. Through this long process that we call “build season,” there are many fees that the team must pay:

Item	Fee
Competition fees	\$9,000
Tools & materials for off-season	\$2,000
Tools & materials for both robots	\$8,000
Practice field element materials	\$500
Off-season competition fees	\$1,000
Travel expenses for students	\$1,000
Total	\$21,500

Why sponsor?

The team is completely open to all students, regardless of background or experience, and for many students is their first introduction to real-world engineering. Without sponsors, we could not have a robotics team at Los Altos High School. Thanks to your contribution, we will be able to continue teaching robotics to students for generations to come.

All donations are tax-deductible, and we offer benefits for different amounts of sponsorship. Tier prices and benefits are listed below.

Sponsorship Tiers

	Bronze \$1,000	Silver \$2,500	Gold \$5,000	Partner \$10,000
Logo on Website	small	medium	large	extra large
Logo on T-Shirt *	small	medium	large	extra large
Logo on Robot		small	medium	large
Company Banner in Pit				×

* T-Shirts are printed on February 4, 2022. If sponsorship is awarded after this date, your logo will not be present on the t-shirt for that season. If this happens, your logo may be added to our 2023 shirt upon request.

Interested?

Please contact us at sponsor@team114.org if you are interested. All sponsorships are negotiable and can be discussed in more detail. We would be more than happy to discuss a custom sponsorship tier.
